# Former Black Hat Hacker Kevin Mitnick joins Neustar Cyber Security Expert Rodney Joffe at May 21 Security Summit to Tackle Cybercriminal Underworld

May 11, 2015

*Summit Features DDoS Mitigation Demonstration, Live Hack and DDoS Truth and Trends*

[Neustar, Inc.](#) (NYSE: NSR), a trusted, neutral provider of real-time information services and analytics, is hosting a Security Summit on May 21 in San Francisco, featuring Rodney Joffe, senior vice president and technology fellow at Neustar, and Kevin Mitnick, who was on the FBI's most wanted list for hacking.

At the Neustar Security Summit, Joffe and Mitnick will discuss the evolving cyber security threats to businesses and individuals, demonstrate the tricks and techniques that hackers use to gain access to company networks, and discuss what companies can do to mitigate risk.

## **Additional summit highlights include:**

- **Keynote:** The Art of Deception: How Hackers and Con Artists Manipulate You and What You Can Do About It, featuring latest hacking techniques
- The Relevance of Government for Cybersecurity Intelligence, a discussion on cybersecurity information sharing
- DDoS Truths and Trends Presentation
- Live DDoS Attack and Mitigation
- Neustar Customer Experience Panel

“The Neustar Security Summit promises to be an eye-opening and informative opportunity for all C-level executives,” said Joffe, who has advised the White House and Congress on cyber security matters. “Cyber-attacks will evolve and increase in the future, so it’s important to be vigilant and prepared.”
