

Neustar® Operational Solutions Comply with Regulations

New technology brings new compliance challenges.

SOLUTIONS TO ENSURE YOU

- Comply with CALEA & Electronic Surveillance Law
- Stay Current with Industry and CSP Porting Rules
- Reduce Costs with Included Change Management
- Meet regulatory reporting requirements

The rules you must follow are constantly changing with directives coming from all sides – the FCC, industry governing bodies, individual trading partners and law enforcement agencies (LEAs). Change continues, yet your resources to manage that change remains constant.

Neustar can help, with solutions that keep you in compliance, mitigate your exposure and risk and help maximize limited human resources.

Legal Compliance Services

The Communications Assistance for Law Enforcement Act (CALEA) and Electronic Surveillance Law (ELSUR) require your readiness and ability to fulfill law enforcement requests for legal process. Neustar helps mitigate the costs and risks associated with meeting these non-core, non-revenue generating obligations.

Lawful Intercept/Technical Assistance

Minimize the capital expenditure associated with requests for electronic surveillance. Neustar works with you to implement a comprehensive lawful intercept/technical assistance program.

Records Production

Neustar can respond to subpoenas on your behalf for the production of historical records. Our dedicated staff of attorneys and paralegals validate each request to protect your customers' privacy.

COMMUNICATIONS SERVICE PROVIDERS DEPEND ON NEUSTAR TO

- Meet local number portability guidelines
- Comply with federal, local and industry rules
- Respond to law enforcement requests for legal process

Regulatory Reporting

Automate reporting for efficient and accurate utilization/forecast reporting that is required twice per year. Our solutions interface with the Pooling Administration to streamline and simplify pool block requests, donations, modifications, and returns.

Porting Rules

Neustar solutions include all change management so your orders meet all regulatory directives and adhere to varying CSP policies and capabilities. We maintain interfaces to all U.S. carriers and support porting between all network technologies including IP, TDM and wireless.

LEAP Service

Neustar is the only entity authorized to provide data from the NPAC to law enforcement, Public Safety Answering Point providers and authorized supporting organizations through the LEAP (Local Number Portability Enhanced Analytic Platform) service, a subscription-based online portal for retrieving ported telephone number information on a batch basis.

TCPA Compliance / Wireless Do-Not-Call

Neustar offers a subscription service that helps businesses comply with the Telephone Consumer Protection Act of 1991 (TCPA) by helping them avoid the making of telemarketing calls using autodialers to devices where the caller is charged. This service provides daily updates of intermodal (wireline-to-wireless and wireless-to-wireline) porting activity.

Neustar Customer Account Records Exchange (CARE)

Our clearinghouse solution supports all requirements set by the Ordering and Billing Forum (OBF) for the automated, timely exchange of records between local exchange carriers and interexchange carrier.
